1933. In the small French village of Cressy-la-Valoise, a local piano contest brings together two brilliant young players: Julien Dubois, the privileged heir of a wealthy family, and François Samson, the janitor's son. One wins, one loses, and both are changed forever.

1997. In a huge mansion stained with cigarette smoke and memories, a bitter old man is shaken by the unexpected visit of an interviewer. Somewhere between reality and fantasy, Julien composes, like in a musical score, a complex and moving story about the cost of success, rivalry, redemption, and flying pianos.

When all is said and done, did anyone ever truly win?  
And is there any music left to play?
